FINANCIAL & COMMERCIAL

MONDAY EVENING, March 19, 1866. In local money matters we have to reord the same general condition that has characterized the market for several days past. The demand for money is not heavy, but in the present condition of trade any mprovement in the supply of currency is possible, and the market keeps close Eastern Exchange is quiet. There is very ttle making, and though the demand is not large, the tendency of the market is to a closer condition. Rates are steady at th

established prices. cenerally felt that the decline will not sto short of 25. The fall to-day touched 1277. ut subsequently recovered a part of the de ine, and closed at 1284. Government accritics were less active in New York b day, but the market closed steady. The action of Congress upon the lean bill had stock operations, governments not excepted miss the case of ____ Loveland us. Bird B. In this market government securities was without change, except compound-interest notes, which advanced a fraction on buying administrator. The motion was made rates. Gold declined. E. J. Farmer & Co.

In the House of Representa to-day the vote by which the Loan bill was reject ed on Friday was reconsidered, and the bill returned to the Committee on Ways and Means. Mr. Hooper introduced a new bill, extending the act of March 5d, 1865, which was also sent to the Ways and Means Com mittee. Some remarkable resolutions by Mr. Kelley of Pennsylvania-

he lowest price of gold until July-took imilar course. Later foreign advices to Murch 9 show a steady London market for Five-twenties, prices closing at 70% @ 70%. The bullion is he Bank of England had increased £84,-000. Commercially, the markets were firm for Provisions, and dull and weak for Bread-

The recent conduct of Comptroller Clark loward Secretary McCulloch is denounced on every hand as an inexcusable breach of fficial decorum. It is alleged that he ourse was prompted by the fact of his being a heavy speculator upon the "buil side of gold, and sought to influence its price by creating distrust and alarm in the public mind regarding the finances of the

Within the past few days a splendidly executed, but spurious, \$50 Treasury note of the new series, 1863, has made its appear ance in Eastern cities. The note, it is stat ed, was evidently engraved and printed by an experienced bank-note worker, and the only perceptible difference from the genune issue of the same denomination is i he signature of the Treasurer, which rather coarser than the original.

Acting Commissioner Whitman, of the nternal Revenue Bureau, has given in tructions with regard to the collection xes due from Savings Banks, the decision of the Commissioner with respect to that natter having been sustained by the Sureme Court. The banks are liable under he decision to a monthly tax of one twentyfourth of one per cent, upon moneys receive invested or loaned by them. Local trade circles continue very quis

eported transactions to-day being on the st limited scale. Flour and Grain arunchanged in price. Provisions have a fair trade demand at unchanged prices. Choice Sutter is higher, and receipts do not keep pace with the demand. Petroleum is low
